

DTC
Solutions Without Boundaries

DTC has a proven track record of successfully placing professional staff in over 20 different labor categories at multiple federal agencies and government contracting organizations over the past 23 years. We've accomplished this task because of our unique ability to understand the clients need for a quick turnaround of qualified high caliber candidates, with the skills and experience required to meet time sensitive project needs.

Contract Staffing Solutions Capabilities

With over two decades of experience as a prime and sub-contractor, DTC understands the importance of making the most of human resources and filling a position quickly to reduce the cost of lost productivity.

Our Commitment:

We will **not** compromise our high standards for quality and we **will** deliver the best qualified candidates in the marketplace.

Our Goal:

With DTCs' value, commitment and proven track record, our customers have a strategic partner whose goal is to enhance their competitive edge.

Contract Staffing Solutions

Rapid technology changes and limited access to high-caliber talent is an increasing concern in the IT sector. At DTC we go beyond job boards through internet recruiting, classified jobsites, relationship building through social media, incentive/referral programs, regular searches through community networks, relevant networking events, redeployment, etc... To ensure the continual availability of qualified technical resources.

We handle the entire recruiting process and all associated human resource functions and costs. Our exhaustive prescreening process includes but is not limited too; testing, evaluating skillsets and performing reference checks, and verifying the status of security clearances and certifications so the only candidates you meet are highly qualified and able to hit the ground running as productive members of your team.
